Resume · Houston, Texas

Héctor Ibarzábal Rodríguez

Commercial real estate professional with seven years across brokerage, land and development advisory, and acquisitions in the U.S., Canada and Mexico. Built an industrial division from two people to eight and worked land and development deals for developers, including the municipal entitlement and permitting side. MBA candidate at Rice, building AI tools adopted by a live acquisitions team.

EXPERIENCE

Welcome Group · Industrial developer and investor — May 2026 to August 2026
Acquisitions Intern · Houston, Texas

- Underwrote two multi-asset portfolios in ARGUS Enterprise, running NPV, yield-on-cost and sensitivity analysis, with the data integrity and tie-out checks that caught errors before investment committee.
- Wrote the investment committee memos presented to senior leadership on active acquisitions.
- Built three AI tools adopted by the acquisitions team, cutting manual research and reporting time on deal screening: an agent that underwrites from offering memoranda, a comps automator that extracts lease terms from unstructured broker documents, and a capital partner tracker for recapitalization coverage.

Colliers International · Industrial Division — October 2023 to July 2025
Senior Associate · Vancouver, Canada

- Advised industrial developers on land opportunities and development feasibility, running consultations with municipalities on entitlement, servicing and permitting, and coordinating vendors and consultants.
- Structured the financial analysis for a 15-acre industrial development projected to generate $3.4M in annual lease revenue.
- Originated new business with in-house aerial property photography under an Advanced RPAS commercial drone certification, winning listings against competing brokerages.
- Coached junior associates through business development and the full transaction process, from first pitch through close.

Marcus & Millichap · Industrial Division — March 2021 to October 2023
Associate · Vancouver, Canada

- Helped launch the industrial division from a standing start, growing the team from two agents to eight and repositioning a retail brokerage into a multi-asset-class operation.
- Captured 10% of Vancouver land sales market share in 2022, sourcing and executing the sale of 30 acres in Campbell Heights Industrial Business Park, pitching land investors and developers.

Jones Lang LaSalle (JLL) · Tenant Representation, Office Division — June 2018 to September 2020
Transaction Manager · Mexico City, Mexico

- Worked on more than 20 corporate occupier accounts including J.P. Morgan, Amazon and Nielsen, closing over 400,000 SF of leases and renewals, and ran site selection across Mexico City submarkets.

EDUCATION

Rice University, Jones Graduate School of Business — August 2025 to May 2027
Master of Business Administration · Houston, Texas

- President, Latin Business Student Association. Public Relations Chair, Real Estate Association. Corporate Ambassador, Rice CDO.
- Coursework: AI Tools for Business Decision Making. Gen AI and Quantitative Investments (Python, machine learning models).

Massachusetts Institute of Technology (MIT SA+P) — June 2020 to September 2020
Diploma, Data Science in Real Estate · Online

University of Miami — January 2015 to May 2018
Bachelor of Business Administration, Real Estate and Business Management · Coral Gables, Florida

- Founder and President, Organization for Mexican Students.
